## Transition Houses and Shelters for Battered Women in Canada

The National Clearinghouse on Family Violence has prepared a listing of transition houses and shelters for battered women and their children. Houses and shelters are listed by province, and within each provincial list, alphabetically by town or city. The transition houses are also categorized by length of stay. An explanation of these categories is found on the following page. For security reasons, only telephone numbers are provided.

Transition houses provide temporary accommodation and support for battered women and their children for periods of a few days to a few weeks and, in some cases, a few months. They also provide a supportive environment where a woman can consider and discuss her alternatives with other women in similar situations. Some houses offer counselling and after-care to women and children leaving the house.

Transition houses operate in the context of other community services which provide support and assistance to battered women. These include provincial and municipal social services; victim advocacy services; community crisis lines and rape crisis lines; women's support groups; legal aid services; and other groups and agencies. Most transition houses have information about local sources of help.

## Maisons de transition et d'hébergement pour femmes victimes de violence au Canada

Le Centre national d'information sur la violence dans la famille a préparé la liste ci-jointe des maisons de transition et d'hébergement existantes pour femmes et enfants victimes de violence. Les maisons sont énumérées par province, et apparaissent dans l'ordre alphabétique selon la ville où elles sont situées. Les maisons sont classées par catégorie selon la durée du séjour. Vous trouverez une explication des catégories à la page suivante. Pour raisons de sécurité, seuls les numéros de téléphone sont indiqués

Les maisons de transition accueillent temporairement les femmes et leurs enfants pour des périodes allant de quelques jours à quelques semaines, parfois même quelques mois. Elles y trouvent un appui moral et un milieu réunissant d'autres femmes avec lesquelles elles peuvent échanger des expériences semblables et discuter de leurs différentes possibilités. Certaines maisons offrent des services de counseling et un programme de suivi pour toutes les ex-résidentes et leurs enfants..

Les maisons de transition fonctionnent dans le cadre des autres services communautaires qui offrent de l'aide aux femmes battues, notamment les services sociaux provinciaux et municipaux, les services d'intercession en faveur des victimes, les services d'écoute téléphonique en cas d'urgence et de viol, les groupes d'entraide de femmes, les services d'aide juridique, et différents autres groupes et organismes. La plupart des maisons sont renseignées sur les ressources locales.

## Symbols Used in Transition House Listing

The following broad term definitions and codes are used:

**2SH** = Second Stage Housing: Long-term (3 - 12 months) secure placement for battered women with or without dependent children.

**TH** = Transition house: moderate-term (4 - 8 weeks) secure placement for battered women with or without dependent children.

**S** = Shelter: Short-term (1 - 4 weeks) secure placement exclusively for battered women with or without dependent children.

**FRC** = Family Resource Centre: A Government of Ontario initiative which provides services that are identical or similar to transition houses.

**HN** = Safe Home Network: Subsidiary short-term placement for battered women with or without dependent children in other people's homes (1 - 3 days).

**STL** = Satellites: A very short (3 - 5 days) secure respite for battered women with or without dependent children.

**ES** = Emergency Shelter: Short-term respite for a wide population range, *not* exclusively for battered women. Some may provide accommodation for men as well as women.

## Symboles utilisés dans la liste des maisons de transition

## **Transition Houses and Shelters for Battered Women in Canada**

The National Clearinghouse on Family Violence has updated its listing of transition houses and shelters for battered women and their children. In this edition houses and shelters are listed alphabetically by province and within each provincial list, alphabetically by town or city. The transition houses are described as either Second Stage Housing, Transition Housing or Other services. An explanation of these categories is found on the following page. In this edition mailing addresses have been provided as available, along with the phone numbers.

Transition houses provide temporary accommodation and support for battered women and their children for periods of a few days to a few weeks and, in some cases, a few months. They also provide a supportive environment where a woman can consider and discuss her alternatives with other women in similar situations. Some houses offer counselling and aftercare to women and children leaving the house.

Transition houses operate in the context of other community services which provide support and assistance to battered women. These include provincial and municipal social services; victim advocacy services; community crisis lines and rape crisis lines; women's support groups; legal aid services; and other groups and agencies. Most transition houses have information about local sources of help.

## **Maisons de transition et d'hébergement pour femmes victimes de violence au Canada**

Le Centre national d'information sur la violence dans la famille a mis à jour sa liste des maisons de transition et des centres d'hébergement pour femmes et enfants victimes de violence. Les maisons sont énumérées par province, et apparaissent dans l'ordre alphabétique selon la ville où elles sont situées. Les maisons sont classées comme maison d'hébergement, maison de transition, ou autres services. Vous trouverez une explication de ces catégories à la page suivante. Dans cette nouvelle édition, en plus du numéro de téléphone, nous avons ajouté l'adresse postale complète selon la disponibilité.

Les maisons de transition accueillent temporairement les femmes et leurs enfants pour des périodes allant de quelques jours à quelques semaines, parfois même quelques mois. Elles y trouvent un appui moral et un milieu réunissant d'autres femmes avec lesquelles elles peuvent échanger des expériences semblables et discuter de leurs différentes possibilités. Certaines maisons offrent des services de counseling et un programme de suivi pour toutes les ex-résidentes et leurs enfants.

Les maisons de transition fonctionnent dans le cadre des autres services communautaires qui offrent de l'aide aux femmes battues, notamment les services sociaux provinciaux et municipaux, les services d'intercession en faveur des victimes, les services d'écoute téléphonique en cas d'urgence et de viol, les groupes d'entraide de femmes, les services d'aide juridique, et différents autres groupes et organismes. La plupart des maisons sont renseignées sur les ressources locales.

## Symbols Used in Transition House Listing

The following broad term definitions and codes are used:

**2SH** = Second Stage Housing: Long-term (3-12 months) secure placement for battered women with or without dependent children.

**TH** = Transition House: moderate-term (4-8 weeks) secure placement for battered women with or without dependent children.

**OTH** = Other: includes all other transition house services: Safe Home Networks, Emergency Shelters, etc...

## Symboles utilisés dans la liste des maisons de transition

Voici les définitions générales et les codes utilisés :

**MHP** = maison d'hébergement prolongé : hébergement de longue durée (de 3 à 12 mois) en lieu sûr pour les femmes battues avec ou sans enfants à charge.

**MT** = maison de transition : hébergement de durée moyenne (de 4 à 8 semaines) en lieu sûr pour les femmes battues avec ou sans enfants à charge.

**AUT** = autres : inclus tous les autres services des maisons de transition : réseaux de maisons d'hébergement, refuges d'urgence, etc...

## Introduction

The National Clearinghouse on Family Violence for its third time has updated its listing of transition houses and shelters for battered women and their children. In this edition houses and shelters are listed by province from the east to west coast, and alphabetically by town or city. The transition houses are described as either Second Stage Housing, Transition Housing or Other services. An explanation of these categories is found on the following page. In this edition mailing addresses have been provided as available, along with the phone numbers.

Transition houses provide temporary accommodation and support for battered women and their children for periods of a few days to a few weeks and, in some cases, a few months. They also provide a supportive environment where a woman can consider and discuss her alternatives with other women in similar situations. Some houses offer counselling and aftercare to women and children leaving the house.

Transition houses operate in the context of other community services which provide support and assistance to battered women. These include provincial and municipal social services; victim advocacy services; community crisis lines and rape crisis lines; women's support groups; legal aid services; and other groups and agencies. Most transition houses have information about local sources of help.

## Introduction

Le Centre national d'information sur la violence dans la famille, pour une troisième fois, a mis à jour sa liste des maisons de transition et des centres d'hébergement pour femmes et enfants victimes de violence. Les maisons sont énumérées par province, d'est en ouest, et apparaissent dans l'ordre alphabétique selon la ville où elles sont situées. Les maisons sont classées comme maison d'hébergement, maison de transition, ou autres services. Vous trouverez une explication de ces catégories à la page suivante. Dans cette nouvelle édition, en plus du numéro de téléphone, nous avons ajouté l'adresse postale complète selon la disponibilité.

Les maisons de transition accueillent temporairement les femmes et leurs enfants pour des périodes allant de quelques jours à quelques semaines, parfois même quelques mois. Elles y trouvent un appui moral et un milieu réunissant d'autres femmes avec lesquelles elles peuvent échanger des expériences semblables et discuter de leurs différentes possibilités. Certaines maisons offrent des services de counseling et un programme de suivi pour toutes les ex-résidentes et leurs enfants.

Les maisons de transition fonctionnent dans le cadre des autres services communautaires qui offrent de l'aide aux femmes battues, notamment les services sociaux provinciaux et municipaux, les services d'intercession en faveur des victimes, les services d'écoute téléphonique en cas d'urgence et de viol, les groupes d'entraide de femmes, les services d'aide juridique, et différents autres groupes et organismes. La plupart des maisons sont renseignées sur les ressources locales.

## Symbols Used in Transition House Listing

The following broad term definitions and codes are used:

**2SH** = Second Stage Housing: Long-term (3-12 months) secure placement for battered women with or without dependent children.

**TH** = Transition House: moderate-term (4-8 weeks) secure placement for battered women with or without dependent children.

**OTH** = Other: includes all other transition house services: Safe Home Networks, Emergency Shelters, etc...

## Symboles utilisés dans la liste des maisons de transition

Voici les définitions générales et les codes utilisés :

**MHP** = maison d'hébergement prolongé : hébergement de longue durée (de 3 à 12 mois) en lieu sûr pour les femmes battues avec ou sans enfants à charge.

**MT** = maison de transition : hébergement de durée moyenne (de 4 à 8 semaines) en lieu sûr pour les femmes battues avec ou sans enfants à charge.

**AUT** = autres : inclus tous les autres services des maisons de transition : réseaux de maisons d'hébergement, refuges d'urgence, etc...
